Primaries All Harmonious Except in the Second District -Contest There Won by C. E. Whitaker Over G. H. Stanton.—Three Changes Made.

In all the districts of the town on Tuesday evening primaries were held for the selection of members of the republican town committee from the district. HOW TO GET FAT

Use Samose, Says Druggists Lee &

The almost universal interest in physical culture is the best evidence that can be offered as to the need of a simple and scientific method of making thin people fat, increasing strength and restoring health.

Athletics, when carried to an extreme, often result in straining the vital organs. How much better it would be for the average person to regain health, strength and flesh by using Samose. This flesh-forming-food is assimilated as soon as it enters the stomach; it helps the organs to assimilate the food and extract the flesh forming elements; it builds up the muscles and rounds out the limbs into shapely plumpness.

Samose has been so successful in making thin people fat, and restoring the weak and run down, to strength and health, that The Lee & Osgood Co., the popular druggists, sell it under their personal guarantee to refund the money if it does not benefit.
